

MARIN PRIMARY & MIDDLE SCHOOL
AFTER SCHOOL PROGRAM

WINTER 2006-2007

GENERAL INFORMATION

The MP&MS After School Program is offering a variety of creative and exciting activities. We hope you will see some of your children's favorites as well as some new and exciting classes. Read through the booklet carefully and discuss the classes with your children. If you have any questions please call Matt Penwell (After School Director) at 924-2608 ex. 226, or from 2:00 to 6:00 @ 336-4611 (cell phone). All classes are filled on a first - come basis.

You may register for every activity by using the After School registration Form located in the middle of this booklet. Please make all checks payable to Marin Primary & Middle School (MP&MS). Please do not give checks to the instructor of the class. Return all payments (checks preferred) along with the registration form to: Marin Primary & Middle School, 20 Magnolia Ave. Larkspur, CA. 94939, c/o Matt Penwell, or you may hand deliver them to MP&MS secretary Donna Vaught by no later than **November 15, 2006**. Once you have enrolled for Day Care and/or Electives, you have one week to cancel your registration for a full refund. **After one week, no refunds.**

Students are enrolled in the After School Program when the After School Registration Form has been signed (with payment attached) and returned to Donna Vaught, or Matt Penwell. If you decide not enroll your child in the After School Program, but want to have Day Care on a drop-in basis, you will be billed at the rate of \$10.00 per hour. To use Drop-In, simply call Matt Penwell @ 924-2608 ex. 226, or 336-4611 and leave a message stating that your child will be staying for After School. Drop In hours will be billed to your monthly invoice statement. Use of the library by students unaccompanied by an adult from 3:00-5:00 is also considered part of the After School. Please remember to sign out your child with an After School staff person when you pick your child up from After School.

Day Care is available on the following days; Conference Days (Mar. 30), Spring Break (Apr. 9 - 13), Staff Development (Mar. 19) and PA Speaker Series (Jan. 16, Apr. 17). To sign up for PA Speaker Series child care, please use the sign up sheet located outside the office. The PA Speaker Series sign up sheet will be taken down one day before the event, so be sure to sign up early. Day Care is not offered during Thanksgiving Break (Nov. 20 - 24), Holiday Break (Dec. 22 - Jan. 5), Winter Break (Feb. 19 - 23), Staff Development (Jan. 12 & May 25), or during Half Days (Nov. 17, Dec. 22 and June 8).

DRAMA PRODUCTION

This year's spring musical will be *TIK TOK OF OZ*. Everyone has heard of "The Wizard of Oz"; but not everyone knows that it was the first of over 20 "OZ" books. "Tik Tok" is one of a dozen that feature one of the greatest villains ever created, Ruggedo the Nome King, also known as The Metal Monarch. Join the Shaggy Man, Betsy Bobbin from Colorado, her friend Hank the Mule, Polychrome the Rainbow's Daughter, the Rose Princess, and, of course, Tik Tok the Mechanical Man, as they journey to rescue Shaggy's Brother from the Nome King. Along the way, they encounter Queen Ann Soforth and her Army of Oogaboo. On their way to conquer the world they fall through to the other side of the earth, where everyone is either a king or a queen, and are ruled by one Private Citizen, the great Jin Jin; he sends them back along with a dragon to punish Ruggedo. If it sounds a little crazy, that's because it is! Charlie has adapted the book with music by his long-time collaborator, Jeff Labes. There are many big roles, and endless medium-sized roles, so come one, come all! Those interested in lead roles should talk to Charlie about auditioning in December.

MASTER THESPIAN: Charlie Queary

SCHEDULE: Mondays, Wednesdays and Thursdays 3:30 - 5:00

CLASS DATES: T.B.A. Students are to make an appointment with Charlie during the first week of December in order to establish roles. Dates are roughly Dec. 4 - Mar. 23 & 24 (Performances)

GRADES: 5 - 8

REGISTRATION: \$250.00

Please use the After School Registration Form located in the middle of this booklet. Please have all checks made out to MP&MS.

GUITAR/BASS BUILDING CLASS

Build your own electric guitar or bass from a kit. In this after school class we will build a real rockin' instrument. The kits we use come with all the hardware and materials needed to build a professional style instrument. We will paint and finish the bodies and connect it all together. Then, with a little set-up, you'll be ready to ROCK! You can choose between several body styles of guitar or one type of bass. This class will be available for 6th, 7th, and 8th grade students. Space is limited to 4 students.

If you are interested please contact Peter (peldredge@mpms.org), in second grade or Matt Penwell, in the After School Program. We will need to have an early idea of the amount and style of guitars, to ensure you can make the instrument of your dreams.

INSTRUCTOR: Peter Eldredge

MINIMUM/MAXIMUM OF STUDENTS: 8

REGISTRATION: \$420

Please use the After School Activities Registration Form located in the middle of this booklet. Please have all checks made out to MP&MS.

CARPENTRY

Girls and boys 5 - 13 years old will have fun learning lifetime skills with hand tools while building many projects including toy boats, bird feeders, doll beds, go-carts, skateboards and furniture for advanced students. Besides learning very safe carpentry techniques with hammers, saws and drills, participants will gain quality experience in problem solving, measuring and applied math including fractions.

This class is designed to build basic familiarity with the principles of math and science and to develop critical thinking and problem analysis and resolution. It is based on the hands-on method of theory and application, presented in real events, real testing and real results. This method, which Kid's' Headquarters has been developing for over 20 years, is currently being recognized for its unequalled results. Essential to the success of this class is the fact that it is really fun. An involved and genuinely interested mind learns more clearly and deeply, and also learns to enjoy, rather than dread, the challenge of unfamiliar problems. This promotes a self confident, assertive approach to new situations in general, and has a cumulative effect. A head start in this skill is an excellent foundation for math, science and real life problem solving.

This course is the very best, or equivalent to the very best, critical thinking course offered anywhere. It has throughout its development, been selected and highly praised by the most demanding elementary and middle school administrators. With about 10 students per teacher, each child is assured of careful attention and respect. This is Al Mayberry's popular proven course.

INSTRUCTOR: Al Mayberry

SCHEDULE: Kindergarten, Tuesdays 2:00 - 3:00

Grades 1 - 8, Wednesdays 3:05-4:20

CLASS DATES: JK & K - Nov. 28 Dec. 5, 12, 19 Jan. 9, 16, 23, 30 Feb. 6, 13, 27 Mar. 6, 13
Grades 1 - 8 Nov. 29 Dec. 6, 13, 20 Jan. 10, 17, 24, 31 Feb. 7, 14, 28
Mar. 7, 14

GRADES: JK - 8

LOCATION: Projects Lab

MINIMUM/MAXIMUM STUDENTS PER CLASS: 10 students max. per group

REGISTRATION: \$195.00 (includes \$25 materials fee).

Please use the After School Activities Registration Form located in the middle of this booklet. Please have all checks made out to MP&MS.

RC CARS AND/OR MACHINES & MECHANICS

This class is taught by Al Mayberry and proved to be very successful at Marin Primary. Al provides a complete mechanics shop where kids learn to build, repair and race radio controlled cars. Al has been teaching this type of class for 10 years.

The course is more than a place to play with cars. The cars must be built from adult level kits and maintained on a daily basis. This work is fun, but very demanding. Kids must do all types of repairs to keep the cars running. These cars have steering, suspension, transmission and electronic systems that are much like real cars. They experience hard use and need fine tuning and repairs constantly. This requires quality analysis, problem solving and follow through to get a lasting repair successfully completed. Many educators believe that this type of hands-on real life problem solving develops capabilities in a child superior to those gained from academic exercises.

Cars and equipment are provided for the kids to use, but they may bring in their own cars for building and repairs. The shop is well equipped with top quality tools and cars. The price reflects the cost of the equipment. Kids may also work in the junk shop, dissecting computer components and hooking up circuits with batteries, bulbs, buzzers and bells.

INSTRUCTOR: Al Mayberry

CHESS

Jeff Gordon and Lanette Chan-Gordon, a husband and wife duo, will be instructing students in the Chess Club. Jeff and Lanette started teaching chess to MP&MS students just a year ago, but they have been teaching chess at various schools in Marin County since 1997. Jeff and Lanette try to make chess as much fun as possible while promoting good sportsmanship and good manners. Furthermore, chess provides children with opportunities to practice thinking, analyzing, planning, problem solving, decision making, observing and applying the lessons of past experiences to present circumstances. Jeff and Lanette are looking forward to meeting all of our students at MP&MS.
