Marin Primary & Middle School Celebrates 30 Years!

LARKSPUR, Calif. — Marin Primary & Middle School is celebrating their 30th anniversary with a family day barbeque Sunday, September 18, from 12- 4 p.m. MP&MS founder along with alumni will be present to share in this milestone. This is a time for the school community to learn about the beginnings of MP&MS and share in future plans.

Activities include face painting, rock climbing and a pie eating contest. Walk down memory lane by visiting the special exhibits hall highlighting MP&MS' past or take a guided tour through the campus. Founder Roberta Heath-Bradshaw and the first Head of School are scheduled to speak. Live music will be provided by The Specialists.

MP&MS families, alumni and staff are invited to attend this event. Admission is free.

Marin Primary & Middle School, founded in 1975, is a Pre-Kindergarten through eighth grade co-educational independent school located in Marin County, California. Our curriculum is built around "teams of teaching." We believe education requires an integrated and interactive approach, inside the classroom and beyond - from physical education to science and technology, the arts and languages to outdoor education.
